

## Gil William Olmstead

“Rev. GO”

One of Gil's greatest joys working with couples to assist them in creating their “perfect wedding.” Marriage is a deep and personal experience that is most often celebrated in a very open and public way. Making sure that couples have a wedding that truly supports their relationship as they head off into marriage is the most important goal.

As an officiant, Gil's experience is remarkable. He has been officiating wedding ceremonies since 1992. He has worked with all types of couples in every age group helping them to create their own personal experience. Ceremonies have ranged from very traditional Christian, to spiritual, to non-religious. They have been in houses of worship, town squares, living rooms, private locations, and public parks and beaches. Gil has officiated by himself, with others, locally, and in exotic destinations.

Gil Olmstead is a New Thought / Ageless Wisdom minister and a Licensed Spiritual Practitioner through [Agape International Spiritual Center](#), a trans-denominational spiritual community in Southern California. He previously served as a minister in the United Methodist Church and has served in various interfaith settings. Gil is currently director of Live Inspired, a community of learning in the East Bay in Northern California.

Through their company, [Inspired Beginnings](#), Gil and his partner, Robyn Rice Olmstead offer workshops, retreats, resources, and counseling to couples planning for a life together or desiring to enhance and improve their relationship. Utilizing New Thought principles, visioning, and team building they support couples through one of the most exciting, challenging, and potentially hazardous times in a marriage – planning and pulling off a wedding!
